

BIOSPERSE

Organic Dispersing Agent

- Highly effective proprietary surfactants that controls organic and biological deposition.
- Prevents deposits that can produce underdeposit corrosion problems and reduce heat transfer.

General Description

Effective sludge control coupled with superior organic suspension gives you the one-two punch needed for superior performance.

BIOSPERSE is one part of the **Spectrum®** water treatment system formulated to produce state-of-the-art results with state-of-the-art products.

Spectrum® treatment products and programs are the key to long term preventive maintenance. Make **Spectrum®** a part of your preventive maintenance program today.

Specifications

Wt/gallon:	8.42
pH (conc):	5 - 7
Specific gravity:	1.01
Appearance:	Clear Liquid

Handling

Recommended storage limit is 18 months.
Keep container closed when not in use.

Applications

BIOSPERSE can be fed undiluted from the drum or in a diluted form with other **Spectrum®** products.
