

START-UP

Steam Boiler Treatment

- Provides high nitrite level when refilling drained boiler
- Superior summer storage protection against corrosion

General Description

Start-Up is specifically formulated to provide initial nitrite levels for Unitreat programs.

It also gives superior corrosion protection to wet stored boilers. Must be used with other water treatment compounds.

Spectrum[®] treatment products and programs are the key to long-term preventive maintenance. Make **Spectrum**[®] a part of your preventive maintenance program today.

Specifications

Wt/Gallon:	9.85 lbs.
pH:	> 12.5
Specific Gravity:	1.175
Appearance:	Clear Liquid

Handling

Recommended storage limit is 18 months.
Keep container closed when not in use.

Application

Initial Slug Dose: Add 1 gallon of **Start-Up** for each 200 gallons of boiler water capacity.
