

SCALE PURGE

Inhibited Lime and Rust Remover

- Multi-metal inhibitor.
- Low Foaming.

General Description

Scale Purge is a concentrated, inhibited hydrochloric acid formulation to quickly and efficiently remove lime and rust from heating, cooling and process equipment. **Scale Purge** contains corrosion inhibitors that protect most common metals of construction such as steel, copper and brass. These inhibitors are effective in high temperature cleaning, up to 180°F.

Spectrum® treatment products and programs are the key to long term preventive maintenance. Make **Spectrum®** a part of your preventive maintenance program today.
