

# BIOSPERSE II

## *COOLING WATER BIOLOGICAL and OIL DISPERSANT*

- **Highly effective biological and oil dispersant**
- **Prevents deposits that can produce under deposit corrosion problems and reduce heat transfer**

### **General Description:**

**BIOSPERSE II** is an organic penetrant and dispersant recommended for use in open recirculating cooling and air wash systems to remove and prevent accumulations of sludge caused by oil and other organic contaminants.

**BIOSPERSE II** is particularly effective in cleaning deposits that result from the production of algal and bacterial biofilms.

### **Specifications**

Wt/Gallon:	8.35 lbs
pH (conc):	5.0 – 7.0
Specific Gravity:	1.02
Appearance:	Clear, Amber Liquid

### **Precautions and Handling:**

Avoid contact with skin and eyes. Do not take internally. Protective gloves and chemical splash goggles are recommended. Wear impervious apron and boots to minimize potential contact. General ventilation is adequate.

- Recommended storage limit is 18 months.
- Keep container closed when not in use.

### **Applications**

**BIOSPERSE II** can be slug or continuously fed to the tower sump or any other convenient point where circulation is rapid.
