

DS-150

Descaling Agent

- Sulfamic Acid is USDA approved
- Ready-to-use liquid formula

General Description

DS-150 is an inhibited sulfamic acid descaling agent. It is used to dissolve hard water scale buildup and can be used in cooling towers, boilers, and heat exchange systems. DS-150 also provides protection against damage for most types of metals.

Specifications

Wt/Gallon:	9.174
pH:	<1.0
Specific Gravity:	1.100
Appearance:	Clear, Red
Odor:	Slight

Handling

Keep container closed when not in use.
Recommended storage limit is 18 months.

Applications

For descaling applications, DS-150 should be added to the system using a 10-20% solution by volume. Circulate the solution for at least 2-8 hours.
